Your Communications Partner

## COMZTEK REST OF AFRICA

A range of quality products.  
You choose.

## We provide a choice of products. You choose.

Comztek Africa was established in 2004 to expand Comztek's distribution footprint beyond South Africa.

Regional operations were established and are fully operational in Namibia, Zambia and East Africa. Each regional operation provides a local customer interface, with strong product expertise, local stockholding and warranty administration.

In addition, Comztek Rest of Africa, a virtual operation, based in Johannesburg South Africa is serving all other African markets.

As part of the Comztek Africa distribution network, Comztek Rest of Africa leverages the vendor relationships, infrastructure, support and distribution knowledge of Comztek to provide resellers throughout sub-Saharan Africa with access to a wide product range of leading brands in the specialist areas of Consumer Electronics, Data Center, Networks, Security & Storage, Software Infrastructure and Video & Voice.

### Solutions Mix

The Comztek RoA operation markets and supports a wide range of leading brands including the Fujitsu Technology Solutions range of PCs, laptops and servers, a vast range of networking equipment and accessories offered by the strong brand combination of HP

Networking, Cisco and Netshield, a full range of consumer electronics and best-of-breed software solutions from Microsoft, Symantec and McAfee.

Not all products distributed by Comztek are necessarily available in all markets. The availability of products depends on Comztek's distribution agreements with IT Vendors. To check if a product is available for your market, check the last page of this document.

### Working with Comztek RoA

Comztek RoA strives to have the right product on the ground at the right time, at the right price. And interacting with the RoA is as easy as sending an email to our virtual team.

Resellers can expect assistance with product selection, ordering and shipping to ensure customers are served quickly, reliably and professionally. The company is committed to providing a wide range of IT solutions to African resellers that are competitive priced and readily available.

### The Future

Comztek RoA has experienced good growth since inception and is confident about the future.

The company works closely with its vendor partners and resellers to ensure the very best Information Technology solutions is available

to resellers throughout the African continent. The company is well positioned to assist resellers throughout Africa to establish and grow customer relationships through the delivery of consistent, top quality services that is relevant to the African environment.

Comztek Namibia provides a local customer interface, with strong product expertise, local stockholding and warranty administration to ensure customers are served quickly, reliably and professionally.

## About Comztek

Since its inception in 1995, Comztek has firmly established itself as one of South Africa's leading communication systems distributors, driven by exceptional service and skills.

The company has since established itself as one of the largest all-in-one regional technology distributors in Africa. Comztek has its head office in Johannesburg with offices in Kwazulu-Natal, the Cape, Zambia,

Namibia and East Africa, based in Nairobi. Other African markets are served by our Rest of Africa operations based in Johannesburg.

The company's operations is organised into six business units, including: Consumer Electronics, Data Center, Networks, Security & Storage, Software Infrastructure and Voice & Video. The company distributes best-of-breed products in key technology areas and has

a support pool of skilled, vendor certified sales staff, channel managers and technical specialists.

Undoubtedly, Comztek aims to extend its share of the African ICT market through the localisation of various aspects of its operations such as customer interface, stock holding and warranty administration. Comztek runs on a winning formula set to rival the best in the world.
